## Later from the United States and Europe! FORTY DAYS FROM NEW YORK!

The arrival on Monday last of the French clipper bark Tournay Capt. Moreau, 12 days from San Francisco with the American and European mails, has placed us in possession of files of New York papers to Oct. 20, London Oct. 4, and San Francisco Nov.

The Tournay left San Francisco on the 18th Nov. and reports the bark Yankee as having arrived over on the 18th. We think it must have been the Fanny Major, 24 days hence, as the Yankee only sailed on the 8th. But the captain assured as quite confifrom the south-east throughout the passage. The ship B. F. Hoxie would sail for Honolulu about the 1st Dec., and would be the first vessel for this port.

Count Medem, a Russian traveller, with his servant, came as passengers in the Tournay, and will remain a few weeks on the islands.

The latest dates from Europe show the political horizon to be again looking stormy. England and France had sent a fleet of war vessels to Naples to enforce certain demands, while Austria and Russia threaten to defend the Italian States against any warlike demonstrations from the other powers. We do not anticipate any serious rupture.

The election returns are the most interesting news by this mail, and indicate very clearly the choice of James Buchanan as the next President of the United States. But if his choice is not made by the people at large, it will be by the House of Representatives, in which body his party will have a clear majority of 25 or 30 votes.

The returns are so meagre and scattering that it is impossible to figure up, but the Democrats claim to have elected their Governor (Willard) by 5,000 majority, and also their Lieutenant Governor, which appears to be the case. The Indianapolis Journal gives a table, composed of FIHE CO-PARTNERSHIP heretofore existing bethe largest figures claimed by the Democrats in 80 counties, which gives them 3,665 total majority in these counties. Twelve counties are yet to hear from.

She brought home 310 barrels of oil and 25,000 lbs of bone. The whalemen during their voyage were often in the vicinity of the wandering Arabs, who frequently come down to the coast from the Great Desert. Capt. Ryder was once captured by them while on shore, and they attempted to get him on a camel and carry him off alive; but the captain was too courageous to be thus made a slave of, and Pilot and Beaver Cloths, German, French and American Doche manfully resisted, when the savages shot him in skin, Cassimeres, Vestings, ready-made Clothing and Furnishing the legs to cripple him, and he in turn shot one of Goods, together with all articles usually kept in a Clothier's or the Arabs dead. UNITED STATES POST OFFICE DEPART-MENT.

WASHINGTON, D. C., March 5, 1856. TEWSPAPERS throughout the United States will render a service, in our opinion, to persons having correspondents in the Pacific region, by giving conspicuous place to the subjoined circular in their respective column

JOHN B. WELLER, Senate of the U.S., from California. J. W. DENVER, House of Rep. U. S., from California. P. T. HERBERT, House of Rep. of U. S. from California. JOSEPH LANE, Del. from Oregon, H. R., U. S. J. PATTON ANDERSON,

Del. from Washington Territory, H. R., U. S.

To persons mailing Letters for California and the Territories of Washington and Oregon :- Thousands of letters sen to the Pacific coast become dead letters. To remedy this evil the Post Office Department, under the authority of Congress, has adopted as an auxiliary to its operations the following plan for simultaneously publishing at each and every post office, in the Pacific region, in a list called "Pacific Mail List," the names of persons to whom letters have been sent by mail to post offices in California and the Territories of Washington and Oregon. By this system, a letter may be sent to any post office in the Pacific region for a person whose location is unknown, save the mere fact that he is somewhere in California or the Territories of Oregon and Washington; if the letter be published in the Pacfic Mail List, its ultimate reception by the person for whom it is intended will be rendered highly probable. To enable those who may desire to extend to their Pacific correspondents the advantages thus offered, the following illustration is given: Suppose it is wished to send to the Sacramento post office a

letter for George Wilson, who emigrated to California from Pike county, Missouri, but it is feared that he may have changed his location, and hence may not receive the letter. In this case, direct the letter to George Wilson, (late of Pike county, Missouri) Sacramento, California. Then, in order to publish the letter in the Pacific Mail List, copy the address of the letter upon a piece of paper or card, and enclose the card, together with a three-cent postage stamp, in an envelope to the Pacific Mail List, N. Y. Deposit the letter, as usual, in the mail for California, and at the same time drop the envelope, containing the card to publish the letter, in the mail for New York. From the address on the card thus received at the New York post office the name, George Wilson, will be entered in its appropriate place in the Pacific Mail List, which is printed and sent by mail to each and every postmaster in California and the Territories of Oregon and Washington, and by them posted in a conspicuous place in their respective offices. The list thus being distributed over the entire Pacific region, George Wilson may at once learn from it that a letter for him has been sent to the Sacramento post office. No person of a similar name will receive the letter, for the address on it points out that it is intended for George Wilson, late of Pike county, Missouri. Thus MANY letters will be received that would otherwise be transmitted to the dead-

The envelopes containing the advertising cards sent to the Pacific Mail List, New York, pay postage like ordinary mail matter, and must be pre-paid. The addresses of letters copied on the pieces of paper or cards should be written in a plain and distinct manner. The three-cent postage stamp enclosed in the envelopes defray the expenses of publication, and must not be pasted to the cards, but simply enclosed with them. In the ab sence of postage stamps, three-cent coins may be substituted. It is believed that this circular has been drawn up so explicitly as to require no explanations; but should this prove not to be the case, postmasters will take notice that all interrogatories must be addressed to the Pacific Mail List, New York, and not The first of this series of lists will accompany the mail of May

5th, and will be forwarded by each succeeding mail. OLIVER E WOODS.

POST OFFICE DEPARTMENT. March 5, 1856. Mr. Woods has my authority to put his plan, as above, in operation; but no responsibility is assumed by the department; and all correspondence in regard to this arrangement must be addressed to the Pacific Mail List, New York.
